Friday Night Bites Chloe Neill 2010-04-08 VAMPIRES IN CHICAGO! You'd think a headline like that would have made the fine citizens of the Windy City to take up arms against us bloodsucking fiends. Instead, ten months later, we're enjoying celebrity statue and fending off the paparazzi, who are only slightly less dangerous than angry stake-wielding slayers. Don't get me wrong - Joe Public isn't exactly thrilled to be living side by side with the undead, but at least they haven't stormed the castle ... not yet ... But it could be a matter of time. There's a first-time reporter sniffing around vampire society, and if he uncovers the Raves - mass feeding parties, where vampires round humans up like cattle and drink themselves silly. The fact that it's majorly frowned upon by vamp society won't make a difference to that kind of a headline, or a new reporter who's out to impress his family. So now my 'master' - the centuries-old yet gorgeously well-preserved Ethan Sullivan - wants me to reconnect with my own upper-class family and act as liaison between humans and vampire ... and use the opportunity to keep the less savoury aspects of vamp existence out of the media spotlight. Tough job, when it seems someone doesn't want vamps and humans to play nicely - someone with a serious, ancient grudge ...

What happened to the Lost Colony of Roanoke remains a mystery, but the women who descended from Eleanor Dare have long known that the truth lies in what she left behind: a message carved onto a large stone and the contents of her treasured commonplace book. Brought from England on Eleanor's fateful voyage to the New World, her book was passed down through the fifteen generations of daughters who followed as they came of age. Thirteen-year-old Alice had been next in line to receive it, but her mother's tragic death fractured the unbroken legacy and the Dare Stone and the shadowy history recorded in the book faded into memory. Or so Alice hoped. In the waning days of World War II, Alice is a young widow and a mother herself when she is unexpectedly presented with her birthright: the deed to Evertell, her abandoned family home and the history she thought forgotten. Determined to sell the property and step into a future free of the past, Alice returns to Savannah with her own thirteen-year-old daughter, Penn, in tow. But when Penn's curiosity over the lineage she never knew begins to unveil secrets from beneath every stone and bone and shell of the old house and Eleanor's book is finally found, Alice is forced to reckon with the sacrifices made for love and the realities of their true inheritance as daughters of Eleanor Dare. The Book of the Damned Charles Fort 1972 "Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's Book of the Damned was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

Born to Run Christopher McDougall 2010-12-09 At the heart of Born to Run lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.
