God, Country and Telepathy Peter F. Leguillou 2014-12-10 Here it is, "God, Country and Telepathy" has the answers for what everyone has been asking about the United States and the strange new mystery government that has taken hold of the nation. You will find out who is in charge, why and what is the purpose of it all especially the destination for the population. You will be given explanations for the increasing toxicity of the food, soda and water, the medical preference for pharmaceutical drugs to "manage" diseases both mental and physical, the real purpose of the Patriot Act and Homeland Security, why events that are horrible are often described by onlookers as not real but "surreal" or abstract, why marijuana was made illegal, why despite numerous wars on Poverty, Drugs, Discrimination nothing ever gets better. You will find out why the government is so concerned about so called "man made global warming" but is indifferent to man made contamination of food and soil. It looks like "Terra-forming" the planet. Terrorism, political intrigue, world economic convulsions and mistrust of government form the backdrop for my life in New York. From out of nowhere intelligent beings from another dimension contacted me with important news about America. This is my story over several decades and collected from saved journals, notes and recollections. The message for America is contained in this book alongside the catalog of incredible psychic experiences that often saved my life or proved illuminating in some way. They concluded that I might be able to make a difference in a leadership role and insisted I write a book to share my discoveries. If there was ever an unbelievable story to tell, this is the one. I can't imagine what I would think if I read this book unprepared; that is, not having had any personal experience with these kinds of spiritual forces. But then again, some people sky dive or swim with sharks. But I was subconsciously expecting this from a young age. I don't see things the way most people do. I sense a hidden meaning wherein lays the truth. I look for the connections to everything else, the whole fabric of existence. My mind was processing so fast everything was a blur; no time for elementary school topics or lessons. As a teenager I eagerly devoured every book I could lay my hands on concerning the occult, superstitions, magic, herbal lore, religious practices, spiritualism, astrology, numerology, psychology, mind reading, extrasensory perception and secret societies. I could have called this book "Report on the New Age" but it might not have had the same broad appeal.

The Federalist Papers Alexander Hamilton 2009-04-28 This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S. Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women's

rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to the Federalist-Antifederalist debates; and Donald Horowitz discusses the Federalist Papers from the perspective of recent experiments with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

Totally Corrupt Jim Green 2017-05-15 This book is DEDICATED TO: The eradication of FEAR in America-as FDR articulated: "nameless, unreasoning, unjustified terror which paralyzes needed efforts to convert retreat into advance." In short, fear is the mother of all cancers on the body politic of America.....i.e., fear is a wall to keep the Mexicans out, and drives our insidious racism.....and the pernicious fear resulting from McCarthyism still hangs like a black cloud over and cripples America to this day, resulting in our Third World healthcare system, and Job Creation--and is the parent of the pervasive hate in America today.....to illustrate: I didn't write the following. It is a cut and paste from FACEBOOK, or some blog [would like to give credit if knew the author]--but it is so on target regarding how "fear" is driving Conservative policy in America today-i.e., is undermining America and our progress-and relegating America to a Third World country status, rather than a world leader-"Conservatives are such cowards: they are afraid of gay people getting married or serving in the military; they are afraid of bringing terrorists to super max prisons in the US from which no one has ever escaped; they are afraid of the boy scouts letting gay kids in; they are afraid of everyone voting and are constantly suppressing the vote under some bogus voter fraud theory; they are afraid of letting students vote at their universities; they are afraid of women having the right to choose; they even are afraid of women getting contraception [the real issue actually is a women's agency and control over their bodies]; they are afraid of immigration reform leading to citizenship because they are afraid of-- name whatever reason; they are afraid of mandating gun purchasers to undergo background checks for crazy people and terrorists; they are afraid of people smoking pot; they are afraid of climate change being real and contradicting their beloved Bible; they are afraid of legitimate campaign reform; they are afraid of Muslims; they are afraid of blacks; they are afraid of atheists; they are afraid of hippies; they are afraid of socialists; they are probably still afraid of monsters under their beds; they are just rank cowards and keep making things up to be afraid of."

I Will Not Surrender to Terrorism Gijo Vijayan 2016-07-23 I will not surrender to terrorism By Mr.Gijo Vijayan. This book aims at preventing a person from becoming a terrorist. The author aim at killing the motive behind terrorism, whatever may be the reason behind. Forgive and forget, the world will be safer. An eye for an eye make the whole world blind, said Mahatma Gandhi. If you know anyone, who has extreme and radical views on religion or any ideology, that cause harm to society. This book can be an eye opener to narrow minded people, who think I am right and whole world is wrong. Stop revenge, forgive and forget, the world will be safer. For nations to live in peace, stop quest for dominance, stop trying to grab someone's land or sea. More investment in military makes common people suffer indirectly. Billions of dollars spent on military expenses can be diverted for betterment of the lives of people, if there is no friction between nations. Billions of dollars spent on atom bombs, missiles, ships, fighter planes etc will eventually of no use to the betterment of humanity. If a third world war occurs, there won't be anyone left to celebrate victory, so it is foolishness to wage war in the name of any ideology or religion. There is only One way to stop terrorism - Education. When millions of people refuse to become terrorist at any cost - by applying thought, the purpose of this book is achieved. To kill terrorism, we must kill the motivation behind terrorism. When you refuse to become a terrorist, you make the world safer. When millions of people around the world refuse to become terrorists, we all win. So, take a pledge today itself, -I will not become a terrorist. -I will not allow my kids to become terrorists. -I will not change my mind, because of people or circumstances around me. -No media, politics or religion can manipulate me. -I will help misguided people to leave the path of terrorism.

The Art of Speculation During Civil War Arthur Fixed 2012-12-19 The Art of Speculation during Civil War - Sun Tzu Meets Jesse Livermore offers a compelling choice: remain asleep or wake up to the truth; accept whatever major media say or understand how the economy, government, and society are manipulated for the profit of a few and at the expense of the majority. Slavery is dependent upon the consent of the slave. Oppression, to succeed, requires the sanction of the oppressed. No regime, be it democratic, monarchic, socialist, communist, or fascist, can exist for long without the public's consent, irrespective of how that consent is manufactured. If consent is withdrawn, the regime falls. The Art of Speculation during Civil War aims to hasten the day when individuals, communities, countries, and the world withdraw consent from those who would manipulate them for the aggrandizement of their power. This book invites its readers to awaken to the truth and profit from the knowledge and freedom gained. The truth is a solid foundation for any economic activity. Anyone can profit from the truth and extraordinary profits are possible for those who understand why Sun Tzu meets Jesse Livermore.

The Heroes of La Palma Angelo Spagnolo 2014-12-05 In the wake of 9/11, a top-secret government agency titled "The Federal Rapid Response Unit" was created back in 2001. Immediately nicknamed "Unit One" by then-President George W. Bush, it was comprised of only the very top agents from various agencies such as the C.I.A., F.B.I. and N.S.A.; this investigative/ paramilitary force was designed exclusively for the purpose of stamping out Middle East terrorism before it could ever gain a foothold on American soil again. Everything worked as planned until Christmas Eve, 2015, when "Accurate Energetic Systems," a Tennessee company that manufactures C-4 explosives for the Defense Department, was overrun by a group of "home grown" terrorists under the direction of a former Navy SEAL now gone bad. This crisis soon would escalate into the worst predicament our country and perhaps the entire world has ever faced. Based on actual, ever-fluid, breaking-news events, "The Heroes of La Palma" will have you shaking your head at how easily this plot could potentially take place in real-life. But when the dust settles, you'll also be thankful that for once, it seems that our government finally did something right...it created "Unit One." "The Heroes of La Palma" is Book 1 of the series, "The Federal Rapid Response Unit."

LIFELINE Catherine McGuire 2017-03-31 It had seemed so simple, even fun, when they explained it: New York needed non-satellite-based relay towers. Commco sent me to find towns along the needed pathway, to offer to restore some of the boons of civilization in return for an agreement to build, power and guard the towers. After all, it had only been fifty years. I would never have believed that the countryside would have turned barbaric so fast. Thus begins Martin Barrister's journey through an unfamiliar landscape, where his training and skills are of little help, and only quick wits and creativity will allow him to survive. When his job turns out to be a ruse, and he becomes bait in a dispute he can barely fathom, Martin discovers what loyalty is worth. And what civilization is - and isn't - comprised of.
